It Pays Well.
Jack Taylor, Briar Hill, Ky., says: "I never had hogs to fatten as well. Bourbon Hog Cholera Remedy has paid me at least ten dollars for each dollar I invested in the remedy."
Sold and guaranteed by W. S. Lloyd.

Grippe is sweeping the country. Stop it with Preventives, before it gets deeply seated. To check early colds with these little Candy Cold Cure Tablets is surely sensible and safe. Preventives contain no Quinine, no laxative, nothing harsh or sickening. Pneumonia would never appear if early colds were promptly broken. Also good for feverish children. Large box, 48 tablets, 25 cents. Vest pocket boxes 5c. Sold by F. C. Duerson. 30-4

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nervine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nervine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."—H. C. CHURCHINGHAM, 108 Ellsworth Ave., Allegheny, Pa.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

TO QUIT PHILIPPINES.

Senator Stone's Measure Provides For Withdrawal December 10, 1913.

Other Nations Must Agree to Preserve Neutrality.

Washington, D. C., Feb. 5.—Senator Stone, of Missouri, today introduced a joint resolution authorizing the President to relinquish control of the Philippine Islands. The text of the resolution follows:

"The President is requested on the 10th day of December, 1913, that is to say, fifteen years after the date of the Treaty of Paris, to deliver the control and possession of said islands to the authorities representing the people thereof, including also all Government property therein, pertaining to the administration of such Government, and to withdraw therefrom immediately the army and navy of the United States, provided, however, that the United States shall retain on such date and thereafter suitable coaling and naval stations as, in the judgment of the President, may seem necessary, and that the delivery of said islands to such native government shall in itself imply the assumption by it of the obligations then existing and incumbent upon the Government of the United States and consequent upon the granting of any franchise, as well as the assumption of all outstanding obligations of the Government at that time, existing in said islands."

An Invaluable Remedy.

Chas. Stephenson, Clintonville, Ky., says: "I cured my chickens of cholera with Bourbon Poultry Cure and cannot speak too highly of it as an invaluable remedy for fowls."

Sold and guaranteed by W. S. Lloyd.

Stop that tickling Cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless that Dr. Shoop tells mothers to use nothing else when with very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. F. C. Duerson. 30-4

\$50 Reward.

I will give a reward of \$50.00 for the arrest and conviction of the person who removed the signboard on my land on the Levee pike in Montgomery County, Ky., upon which I had painted the word "posted" and fastened to a tree on said farm in a conspicuous place. The same reward will be given for the arrest and conviction of any person who may hereafter remove one of said signs.

property not mentioned above, \$108,418; total value of lands, \$3,314,221; total value of town lots, \$1,333,955; value of personal property, \$1,609,807; amount of exemption, \$136,000; grand total of assessment for State and county purposes, \$6,021,983, and for county purposes alone, including \$181,704 on four banks, of \$6,203,687. This is a decrease from last year of \$13,875 for county purposes. Number of legal voters, 2,729; number of school children, 2,394; pounds of tobacco grown during the year, 2,362,600; pounds of hemp grown, 255,400; tons of hay grown, 2,649; bushels of corn raised, 262,860; bushels of wheat raised, 23,811; bushels of blue grass seed, 21,690; number of acres of wheat, 1,773; number of acres of corn, 6,822; number of acres of meadow, 2,629; number of acres of woodland, 5; number of acres of tobacco, 2,020; number of dogs, 1,539. The assessment is an excellent one.

A weak Stomach means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. It's a pity that sick ones continue to drug the Stomach or stimulate the Heart and Kidneys. The weak nerves, not the organs themselves, need this help. This explains why Dr. Shoop's Restorative has, and is promptly helping so many sick ones. It goes direct to the cause of these diseases. Test this vital truth, and see. F. C. Duerson. 30-4t

MIX OFTEN.

Druggists Near Much Praise For This Simple Home-Made Mixture.

Some remarkable stories are being told about town and among the country people coming in of this simple home-made mixture curing Rheumatism and Kidney trouble. Here is the recipe and directions for taking: Mix by shaking well in a bottle one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Take as a dose one teaspoonful after meals and at bedtime.

No change need be made in your usual diet, but drink plenty of good water. This mixture, writes one authority in a leading Philadelphia newspaper, has a peculiar tonic effect upon the kidneys; cleansing the clogged-up pores of the eliminative tissues, forcing the kidneys to sift and strain from the blood the uric acid and other poisonous waste matter, overcoming Rheumatism, Bladder and Urinary troubles in a short while.

A New York druggist, who has had hundreds of calls for these ingredients since the first announcement in the newspapers last October stated that the people who once try it "swear by it," especially those who have Urinary and Kidney trouble and suffer with Rheumatism.

The druggists in this neighborhood say they can supply the ingredients, which are easily mixed at home. There is said to be no better blood-cleansing agent or system tonic known, and certainly none more harmless or simple to use.

U. S. REGIME IN THE PHILIPPINES.

Peace and Prosperity Abundantly Prevail.

President Roosevelt Expresses Highest Commendation of Conclusions Arrived at.

Nine years after the battle of Manila Bay, Secretary Taft records the results of the American occupation of the Archipelago and forecasts the future of the Philippines in an exhaustive report transmitted to Congress by the President, with a letter written by the chief executive commending in the highest terms, the Secretary's conclusions.

The President declares that ruin would have followed the adoption of any other policy toward the Philippines than that outlined by William McKinley, and carried forward through these nine years, and asserts triumphantly that there is no brighter page in history than that dealing with the relations between the strong and the weak in those islands. He adds that the Philippines "Have yet a long way to travel before they will be fit for complete self-government."

Secretary Taft's report is optimistic in a high degree, even though he cannot fix a time for declaring the independence of the islands.

In answer to the critics who have made "the most astounding and unfair statements in respect to the cost to the United States of the Philippines," he figures out a total annual expenditure of \$5,000,000, and he vigorously denies the failure of the Philippine policy.

He says that great changes have occurred in the islands. The people are now anxious to have the American soldiers retained. There is a high standard of administration of justice. Nothing is more popular than the constabulary. Peace prevails in a greater degree than ever before. The magnificent Benguet road is now justified by the results obtained.

The Secretary is willing to limit the amount of sugar and tobacco that can be exported to the United

States. He predicts a development of business within twenty-five years that will make the Philippines themselves stand high in the world's industrial populations. His recommendations are that Philippine products be admitted into the United States free of duty under reasonable limitations; that present restrictions be removed on the acquisition of mining properties; that the Philippine Government be authorized to conduct an agricultural bank, and finally that the islands be exempted from the operations of the coast wise shipping laws.

PENSION AGENCIES.

Louisville Among the Cities That Will Lose if Plan is Adopted.

Would Make Saving of Nearly \$200,000.

The House Committee on Appropriations at Washington on Feb. 4 reported favorably the pension bill for year ending June 30, 1909. The bill abolishes eighteen pension agencies located in seventeen States including Kentucky, and consolidates them in one central distributing agency at Washington. The bill as reported carried a total pension appropriation of \$150,869,000.

RECOMMENDED BY GARFIELD.

The radical change in the pension system was decided upon by the House Committee in accordance with the recommendation of Secretary of the Interior Garfield and Commissioner of Pensions Warner, after exhaustive consideration in sub committee.

Under this consolidation of the eighteen pension agencies \$200,000 would be saved to the Government the first year and \$255,000 annually thereafter.

Under the new system all pensioners could be paid as promptly as they now are paid.

There was paid to 967,371 pensioners last year a total of \$138,030,894, and the total pensions paid for all wars and for the regular establishment since the foundation of the republic was \$3,598,015,732.

There is now living, says the report, no soldier or soldier's widow of the Revolutionary War, and there is no pensioner soldier living of the War of 1812, but at the end of the last fiscal year there were on the roll 538 widows of soldiers of that war.

A Tribute to Lexington.

Lexington is a black spot on the map of America in the needless tribute it pays to tuberculosis. Kentucky stands second in the list of the States, according to the statistics compiled by the National Tuberculosis Association, as measured by the deaths from tuberculosis, there being but one State that stands above it in the proportion of deaths from this curable and preventable disease. But Lexington men, as far as we know, are not taking any active or leading part in the fight against this scourge, leaving that duty largely, if not entirely, to Lexington women and to men who have come to Lexington from other places—men who, inspired by public spirit and acquaintance with movements in other States, are willing to give of their time and money and thought and labor for the common good and the improvement of the conditions in Kentucky.—Lexington Herald.
